Chennai, Tamilnadu

## OBJECTIVE

An enthusiastic Computer Science graduate seeking a software development role in an organization where I can learn new skills, broaden my knowledge, and contribute positively through teamwork and continuous learning.

## EXPERIENCE

### • TCS iON

April 2023 - July 2023

Intern

- Remote Internship for 125 hours on project titled "Intelligent Game Design and its Applications"
- Developed a Space Shooter Game (2D) using Unity game engine.
- Features of this game include shooting enemies to gain points, having three lives, and tilt-responsive gameplay.

## SKILLS

- **Programming Languages:** Java, Python, C#
- **Web Technologies:** React.js, Node.js
- **Database Systems:** MongoDB, Postgres SQL, MySQL
- **Data Science & Machine Learning:** NumPy, Pandas, Matplotlib, Scikit-Learn, Keras, Tensorflow
- **Other Tools & Technologies:** Git, Unity, AWS

## PROJECTS

### • Rice Leaf Disease Detection and Severity Prediction Using Deep Learning:

Tools: Python, TensorFlow/Keras, OpenCV, Grad-CAM, InceptionResNetV2, Vision Transformer (ViT)

- A deep learning-based system designed to detect and classify rice leaf diseases from images and estimate severity without manually labeled severity data.
- Developed a deep learning model, IRViT-WFNet to detect rice leaf diseases using image preprocessing, segmentation, and feature extraction with InceptionResNetV2 and Vision Transformer.
- Estimated disease severity without labeled data using Grad-CAM heatmaps for visual analysis of affected regions.

### • Endless Runner Game:

Tools: Unity Game Engine

- A basic endless runner mobile game where the player automatically runs, collects coins, and uses power-ups to increase speed.
- Players can jump or slide to avoid obstacles, with simple and intuitive touch controls.

### • Blogging App:

Tools: Android Studio, Java, Firebase

- Developed a simple blogging app that allows users to register, log in, create posts with images and location data, and log out.
- Implemented real-time notifications to alert users when a new post is added.

## COURSES AND CERTIFICATIONS

- **Intelligent Gaming and its applications course** - TCS iON Digital Learning Hub
- **Artificial Intelligence course** – IBM
- **Web Development Boot Camp** – Udemy Course

## EDUCATION

### • College of Engineering, Guindy, Anna University

August 2023 - May 2025

Master of Computer Applications

- CGPA: 7.54/10.00

### • Queen Mary's College, Chennai

August 2020 - April 2023

Bachelor of Computer Applications

- CGPA: 8.84/10.00
